

[illegible]

Where state, county, and/or MCD/CDD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- 1 A "°" following an MCD name denotes a false MCD. A "°" following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.
- 2 Place label color correlates to the place fill color.
